

# ***COCC campaign***

**To the Editor,**

I have been asked to head a grass roots drive to gain support for the COCC bond that will be on the ballot in November. I am eager to be a part of this campaign as I believe that a college campus in Jefferson County will provide real opportunity for our communities. It will help establish us as a true part of the Central Oregon region, and help in the recruiting of other economic opportunities.

Most importantly, it will help our friends and families in the pursuit of their dreams.

For the drive to be a success, we will need help. If you can provide it, in any manner, please contact me: Joe McDonald  
4 7 5 - 6 1 4 4 .
